

Datasheet for ABIN6845309

**anti-IL-31 antibody (Alexa Fluor 647)**[Go to Product page](#)

## Overview

|              |                                                      |
|--------------|------------------------------------------------------|
| Quantity:    | 100 µL                                               |
| Target:      | IL-31 (IL31)                                         |
| Reactivity:  | Human                                                |
| Host:        | Mouse                                                |
| Clonality:   | Monoclonal                                           |
| Conjugate:   | This IL-31 antibody is conjugated to Alexa Fluor 647 |
| Application: | Please inquire                                       |

## Product Details

|                   |                                    |
|-------------------|------------------------------------|
| Cross-Reactivity: | Human                              |
| Characteristics:  | Interleukin 31 Conjugated Antibody |

## Target Details

|                   |                                                  |
|-------------------|--------------------------------------------------|
| Target:           | IL-31 (IL31)                                     |
| Alternative Name: | Interleukin 31 ( <a href="#">IL31 Products</a> ) |

## Application Details

|                    |                                                     |
|--------------------|-----------------------------------------------------|
| Application Notes: | AF647 conjugated: most applications: 1: 50 - 1: 250 |
| Restrictions:      | For Research Use only                               |

Handling

---

|                  |                            |
|------------------|----------------------------|
| Storage:         | 4 °C                       |
| Storage Comment: | Store at 4°C for 6 months. |
