## anti-Olfactomedin 4 antibody (Alexa Fluor 647)

[Go to Product page](#)

### Overview

|              |                                                               |
|--------------|---------------------------------------------------------------|
| Quantity:    | 100 µL                                                        |
| Target:      | Olfactomedin 4 (OLFM4)                                        |
| Reactivity:  | Human                                                         |
| Host:        | Rabbit                                                        |
| Clonality:   | Polyclonal                                                    |
| Conjugate:   | This Olfactomedin 4 antibody is conjugated to Alexa Fluor 647 |
| Application: | Please inquire                                                |

### Product Details

|                   |                           |
|-------------------|---------------------------|
| Cross-Reactivity: | Human                     |
| Characteristics:  | OLFM4 Conjugated Antibody |

### Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | Olfactomedin 4 (OLFM4)                   |
| Alternative Name: | OLFM4 ( <a href="#">OLFM4 Products</a> ) |

### Application Details

|                    |                                                     |
|--------------------|-----------------------------------------------------|
| Application Notes: | AF647 conjugated: most applications: 1: 50 - 1: 250 |
| Restrictions:      | For Research Use only                               |

Handling

---

|                  |                            |
|------------------|----------------------------|
| Storage:         | 4 °C                       |
| Storage Comment: | Store at 4°C for 6 months. |
