

Datasheet for ABIN6846576

**anti-RAB1A antibody (Alexa Fluor 647)**[Go to Product page](#)

## Overview

|              |                                                      |
|--------------|------------------------------------------------------|
| Quantity:    | 100 µL                                               |
| Target:      | RAB1A                                                |
| Reactivity:  | Human                                                |
| Host:        | Rabbit                                               |
| Clonality:   | Polyclonal                                           |
| Conjugate:   | This RAB1A antibody is conjugated to Alexa Fluor 647 |
| Application: | Please inquire                                       |

## Product Details

|                   |                                                           |
|-------------------|-----------------------------------------------------------|
| Cross-Reactivity: | Human                                                     |
| Characteristics:  | Ras-related protein Rab-1A Polyclonal Conjugated Antibody |

## Target Details

|                   |                                                               |
|-------------------|---------------------------------------------------------------|
| Target:           | RAB1A                                                         |
| Alternative Name: | Ras-related protein Rab-1A ( <a href="#">RAB1A Products</a> ) |
| Pathways:         | <a href="#">SARS-CoV-2 Protein Interactome</a>                |

## Application Details

|                    |                                                     |
|--------------------|-----------------------------------------------------|
| Application Notes: | AF647 conjugated: most applications: 1: 50 - 1: 250 |
| Restrictions:      | For Research Use only                               |

Handling

---

|                  |                            |
|------------------|----------------------------|
| Storage:         | 4 °C                       |
| Storage Comment: | Store at 4°C for 6 months. |
