### Overview

|              |                                                             |
|--------------|-------------------------------------------------------------|
| Quantity:    | 100 µL                                                      |
| Target:      | Ubinuclein 1 (UBN1)                                         |
| Reactivity:  | Human                                                       |
| Host:        | Rabbit                                                      |
| Clonality:   | Polyclonal                                                  |
| Conjugate:   | This Ubinuclein 1 antibody is conjugated to Alexa Fluor 647 |
| Application: | Please inquire                                              |

### Product Details

|                   |                          |
|-------------------|--------------------------|
| Cross-Reactivity: | Human                    |
| Characteristics:  | UBN1 Conjugated Antibody |

### Target Details

|                   |                                        |
|-------------------|----------------------------------------|
| Target:           | Ubinuclein 1 (UBN1)                    |
| Alternative Name: | UBN1 ( <a href="#">UBN1 Products</a> ) |

### Application Details

|                    |                                                     |
|--------------------|-----------------------------------------------------|
| Application Notes: | AF647 conjugated: most applications: 1: 50 - 1: 250 |
| Restrictions:      | For Research Use only                               |

Handling

---

|                  |                            |
|------------------|----------------------------|
| Storage:         | 4 °C                       |
| Storage Comment: | Store at 4°C for 6 months. |
