

Datasheet for ABIN6847602

anti-Myosin ID antibody (Alexa Fluor 647)[Go to Product page](#)

Overview

Quantity:	100 µL
Target:	Myosin ID (MYO1D)
Reactivity:	Human, Mouse
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This Myosin ID antibody is conjugated to Alexa Fluor 647
Application:	Please inquire

Product Details

Cross-Reactivity:	Human, Mouse (Murine)
Characteristics:	MYO1D Conjugated Antibody

Target Details

Target:	Myosin ID (MYO1D)
Alternative Name:	MYO1D (MYO1D Products)

Application Details

Application Notes:	AF647 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

Handling

Storage:	4 °C
Storage Comment:	Store at 4°C for 6 months.
