## anti-Claspin antibody (pSer30) (Alexa Fluor 647)

### Overview

Quantity:	100 µL
Target:	Claspin (CLSPN)
Binding Specificity:	pSer30
Reactivity:	Human
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This Claspin antibody is conjugated to Alexa Fluor 647
Application:	Please inquire

### Product Details

Cross-Reactivity:	Human
Characteristics:	Claspin (Phospho-Ser30) Conjugated Antibody

### Target Details

Target:	Claspin (CLSPN)
Alternative Name:	Claspin ( <a href="#">CLSPN Products</a> )

### Application Details

Application Notes:	AF647 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

## Handling

---

Storage: 4 °C

---

Storage Comment: Store at 4°C for 6 months.
