

Datasheet for ABIN6848199

**anti-MYL12B antibody (Alexa Fluor 647)**[Go to Product page](#)

## Overview

|              |                                                       |
|--------------|-------------------------------------------------------|
| Quantity:    | 100 µL                                                |
| Target:      | MYL12B                                                |
| Reactivity:  | Human, Mouse                                          |
| Host:        | Rabbit                                                |
| Clonality:   | Polyclonal                                            |
| Conjugate:   | This MYL12B antibody is conjugated to Alexa Fluor 647 |
| Application: | Please inquire                                        |

## Product Details

|                   |                            |
|-------------------|----------------------------|
| Cross-Reactivity: | Human, Mouse (Murine)      |
| Characteristics:  | MYL12B Conjugated Antibody |

## Target Details

|                   |                                            |
|-------------------|--------------------------------------------|
| Target:           | MYL12B                                     |
| Alternative Name: | MYL12B ( <a href="#">MYL12B Products</a> ) |
| Pathways:         | <a href="#">Feeding Behaviour</a>          |

## Application Details

|                    |                                                     |
|--------------------|-----------------------------------------------------|
| Application Notes: | AF647 conjugated: most applications: 1: 50 - 1: 250 |
| Restrictions:      | For Research Use only                               |

Handling

---

|                  |                            |
|------------------|----------------------------|
| Storage:         | 4 °C                       |
| Storage Comment: | Store at 4°C for 6 months. |
