Datasheet for ABIN6848606
anti-PARL antibody (Alexa Fluor 647)

Overview

Quantity:	100 µL
Target:	PARL
Reactivity:	Human
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This PARL antibody is conjugated to Alexa Fluor 647
Application:	Please inquire

Product Details

Cross-Reactivity:	Human
Characteristics:	PARL Conjugated Antibody

Target Details

Target:	PARL
Alternative Name:	PARL (PARL Products)
Pathways:	Autophagy

Application Details

Application Notes:	AF647 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

Handling

Storage: 4 °C

Storage Comment: Store at 4°C for 6 months.
