Datasheet for ABIN6850539  
**anti-HSA antibody (Alexa Fluor 647)**

### Overview

Quantity:	100 µL
Target:	HSA
Reactivity:	Human
Host:	Mouse
Clonality:	Monoclonal
Conjugate:	This HSA antibody is conjugated to Alexa Fluor 647
Application:	Please inquire

### Product Details

Cross-Reactivity:	Human
Characteristics:	Human Serum Albumin Conjugated Antibody

### Target Details

Target:	HSA
Alternative Name:	Human Serum Albumin ( <a href="#">HSA Products</a> )

### Application Details

Application Notes:	AF647 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

## Handling

---

Storage: 4 °C

---

Storage Comment: Store at 4°C for 6 months.
