

Datasheet for ABIN6856949

**anti-UCN3 antibody (Alexa Fluor 750)**[Go to Product page](#)

## Overview

|              |                                                     |
|--------------|-----------------------------------------------------|
| Quantity:    | 100 µL                                              |
| Target:      | UCN3                                                |
| Reactivity:  | Human                                               |
| Host:        | Rabbit                                              |
| Clonality:   | Polyclonal                                          |
| Conjugate:   | This UCN3 antibody is conjugated to Alexa Fluor 750 |
| Application: | Please inquire                                      |

## Product Details

|                   |                          |
|-------------------|--------------------------|
| Cross-Reactivity: | Human                    |
| Characteristics:  | UCN3 Conjugated Antibody |

## Target Details

|                   |                                                                  |
|-------------------|------------------------------------------------------------------|
| Target:           | UCN3                                                             |
| Alternative Name: | UCN3 ( <a href="#">UCN3 Products</a> )                           |
| Pathways:         | <a href="#">Positive Regulation of Peptide Hormone Secretion</a> |

## Application Details

|                    |                                              |
|--------------------|----------------------------------------------|
| Application Notes: | AF750 conjugated: Western blot: 1: 100-1,000 |
| Restrictions:      | For Research Use only                        |

Handling

---

|                  |                            |
|------------------|----------------------------|
| Storage:         | 4 °C                       |
| Storage Comment: | Store at 4°C for 6 months. |
