## anti-BNIP3L/NIX antibody (Alexa Fluor 750)

[Go to Product page](#)

### Overview

|              |                                                           |
|--------------|-----------------------------------------------------------|
| Quantity:    | 100 µL                                                    |
| Target:      | BNIP3L/NIX (BNIP3L)                                       |
| Reactivity:  | Human, Mouse                                              |
| Host:        | Rabbit                                                    |
| Clonality:   | Polyclonal                                                |
| Conjugate:   | This BNIP3L/NIX antibody is conjugated to Alexa Fluor 750 |
| Application: | Please inquire                                            |

### Product Details

|                   |                            |
|-------------------|----------------------------|
| Cross-Reactivity: | Human, Mouse (Murine)      |
| Characteristics:  | BNIP3L Conjugated Antibody |

### Target Details

|                   |                                            |
|-------------------|--------------------------------------------|
| Target:           | BNIP3L/NIX (BNIP3L)                        |
| Alternative Name: | BNIP3L ( <a href="#">BNIP3L Products</a> ) |
| Pathways:         | <a href="#">Autophagy</a>                  |

### Application Details

|                    |                                              |
|--------------------|----------------------------------------------|
| Application Notes: | AF750 conjugated: Western blot: 1: 100-1,000 |
| Restrictions:      | For Research Use only                        |

Handling

---

|                  |                            |
|------------------|----------------------------|
| Storage:         | 4 °C                       |
| Storage Comment: | Store at 4°C for 6 months. |
