

Datasheet for ABIN6858491

**anti-CLOCK antibody (Alexa Fluor 750)**[Go to Product page](#)

## Overview

|              |                                                      |
|--------------|------------------------------------------------------|
| Quantity:    | 100 µL                                               |
| Target:      | CLOCK                                                |
| Reactivity:  | Human, Mouse, Rat                                    |
| Host:        | Rabbit                                               |
| Clonality:   | Polyclonal                                           |
| Conjugate:   | This CLOCK antibody is conjugated to Alexa Fluor 750 |
| Application: | Please inquire                                       |

## Product Details

|                   |                                     |
|-------------------|-------------------------------------|
| Cross-Reactivity: | Human, Mouse (Murine), Rat (Rattus) |
| Characteristics:  | Clock Conjugated Antibody           |

## Target Details

|                   |                                                                             |
|-------------------|-----------------------------------------------------------------------------|
| Target:           | CLOCK                                                                       |
| Alternative Name: | Clock ( <a href="#">CLOCK Products</a> )                                    |
| Pathways:         | <a href="#">Regulation of Lipid Metabolism by PPARalpha, Photoperiodism</a> |

## Application Details

|                    |                                              |
|--------------------|----------------------------------------------|
| Application Notes: | AF750 conjugated: Western blot: 1: 100-1,000 |
| Restrictions:      | For Research Use only                        |

Handling

---

|                  |                            |
|------------------|----------------------------|
| Storage:         | 4 °C                       |
| Storage Comment: | Store at 4°C for 6 months. |
