## Overview

|              |                                                     |
|--------------|-----------------------------------------------------|
| Quantity:    | 100 µL                                              |
| Target:      | GRPR                                                |
| Reactivity:  | Human, Mouse, Rat                                   |
| Host:        | Rabbit                                              |
| Clonality:   | Polyclonal                                          |
| Conjugate:   | This GRPR antibody is conjugated to Alexa Fluor 750 |
| Application: | Please inquire                                      |

## Product Details

|                   |                                     |
|-------------------|-------------------------------------|
| Cross-Reactivity: | Human, Mouse (Murine), Rat (Rattus) |
| Characteristics:  | GRPR Conjugated Antibody            |

## Target Details

|                   |                                        |
|-------------------|----------------------------------------|
| Target:           | GRPR                                   |
| Alternative Name: | GRPR ( <a href="#">GRPR Products</a> ) |

## Application Details

|                    |                                              |
|--------------------|----------------------------------------------|
| Application Notes: | AF750 conjugated: Western blot: 1: 100-1,000 |
| Restrictions:      | For Research Use only                        |

Handling

---

|                  |                            |
|------------------|----------------------------|
| Storage:         | 4 °C                       |
| Storage Comment: | Store at 4°C for 6 months. |
