## Overview

|              |                                                    |
|--------------|----------------------------------------------------|
| Quantity:    | 100 µL                                             |
| Target:      | HLX                                                |
| Reactivity:  | Human                                              |
| Host:        | Rabbit                                             |
| Clonality:   | Polyclonal                                         |
| Conjugate:   | This HLX antibody is conjugated to Alexa Fluor 750 |
| Application: | Please inquire                                     |

## Product Details

|                   |                          |
|-------------------|--------------------------|
| Cross-Reactivity: | Human                    |
| Characteristics:  | HLX1 Conjugated Antibody |

## Target Details

|                   |                                                                |
|-------------------|----------------------------------------------------------------|
| Target:           | HLX                                                            |
| Alternative Name: | HLX1 ( <a href="#">HLX Products</a> )                          |
| Pathways:         | <a href="#">Positive Regulation of Immune Effector Process</a> |

## Application Details

|                    |                                              |
|--------------------|----------------------------------------------|
| Application Notes: | AF750 conjugated: Western blot: 1: 100-1,000 |
| Restrictions:      | For Research Use only                        |

Handling

---

|                  |                            |
|------------------|----------------------------|
| Storage:         | 4 °C                       |
| Storage Comment: | Store at 4°C for 6 months. |
