## anti-Complement C3b antibody (Biotin)

[Go to Product page](#)

### Overview

|              |                                                      |
|--------------|------------------------------------------------------|
| Quantity:    | 100 µL                                               |
| Target:      | Complement C3b (C3b)                                 |
| Reactivity:  | Human                                                |
| Host:        | Mouse                                                |
| Clonality:   | Monoclonal                                           |
| Conjugate:   | This Complement C3b antibody is conjugated to Biotin |
| Application: | Please inquire                                       |

### Product Details

|                   |                                                |
|-------------------|------------------------------------------------|
| Cross-Reactivity: | Human                                          |
| Characteristics:  | Complement C3(beta- chain) Conjugated Antibody |

### Target Details

|                   |                                                                                                                                                                                                                                             |
|-------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | Complement C3b (C3b)                                                                                                                                                                                                                        |
| Alternative Name: | Complement C3 beta ( <a href="#">C3b Products</a> )                                                                                                                                                                                         |
| Pathways:         | <a href="#">Complement System</a> , <a href="#">Regulation of Leukocyte Mediated Immunity</a> , <a href="#">Positive Regulation of Immune Effector Process</a> , <a href="#">Regulation of G-Protein Coupled Receptor Protein Signaling</a> |

### Application Details

|                    |                                                                                                                                                                                                    |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Notes: | Biotin conjugated: Working with enzyme-conjugated streptavidin. ELISA: 1: 200 - 1: 1,000;<br>Western Blot: 1: 200 - 1: 1,000; IHC/ICC: 1: 100 - 1: 500; Flow Cytometry: 1: 50 - 1: 250; IF: 1: 100 |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

Application Details

---

- 1: 500.

Restrictions: For Research Use only

Handling

---

Storage: 4 °C

Storage Comment: Store at 4°C for 6 months.
