Recombinant anti-RFP antibody (Biotin)[Go to Product page](#)

Overview

Quantity:	100 µL
Target:	RFP
Reactivity:	Discosoma
Host:	Rabbit
Antibody Type:	Recombinant Antibody
Clonality:	Monoclonal
Conjugate:	This RFP antibody is conjugated to Biotin
Application:	Please inquire

Product Details

Purpose:	RFP Conjugated Antibody
----------	-------------------------

Target Details

Target:	RFP
Alternative Name:	RFP (RFP Products)

Application Details

Application Notes:	Biotin conjugated: Working with enzyme-conjugated streptavidin. ELISA: 1: 200 - 1: 1,000; Western Blot: 1: 200 - 1: 1,000; IHC/ICC: 1: 100 - 1: 500; Flow Cytometry: 1: 50 - 1: 250; IF: 1: 100 - 1: 500.
Restrictions:	For Research Use only

Handling

Storage:	4 °C
Storage Comment:	Store at 4°C for 6 months.
