## Overview

|              |                                            |
|--------------|--------------------------------------------|
| Quantity:    | 100 µL                                     |
| Target:      | OPN3                                       |
| Reactivity:  | Human, Mouse                               |
| Host:        | Rabbit                                     |
| Clonality:   | Polyclonal                                 |
| Conjugate:   | This OPN3 antibody is conjugated to Biotin |
| Application: | Please inquire                             |

## Product Details

|                   |                              |
|-------------------|------------------------------|
| Cross-Reactivity: | Human, Mouse (Murine)        |
| Characteristics:  | Panopsin Conjugated Antibody |

## Target Details

|                   |                                            |
|-------------------|--------------------------------------------|
| Target:           | OPN3                                       |
| Alternative Name: | Panopsin ( <a href="#">OPN3 Products</a> ) |

## Application Details

|                    |                                                                                                                                                                                                                 |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Notes: | Biotin conjugated: Working with enzyme-conjugated streptavidin. ELISA: 1: 200 - 1: 1,000;<br>Western Blot: 1: 200 - 1: 1,000; IHC/ICC: 1: 100 - 1: 500; Flow Cytometry: 1: 50 - 1: 250; IF: 1: 100<br>- 1: 500. |
| Restrictions:      | For Research Use only                                                                                                                                                                                           |

Handling

---

|                  |                            |
|------------------|----------------------------|
| Storage:         | 4 °C                       |
| Storage Comment: | Store at 4°C for 6 months. |
