

Datasheet for ABIN6874156
anti-BCOR antibody (Biotin)

[Go to Product page](#)

Overview

Quantity:	100 µL
Target:	BCOR
Reactivity:	Human, Mouse
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This BCOR antibody is conjugated to Biotin
Application:	Please inquire

Product Details

Cross-Reactivity:	Human, Mouse (Murine)
Characteristics:	BCOR Conjugated Antibody

Target Details

Target:	BCOR
Alternative Name:	BCOR (BCOR Products)

Application Details

Application Notes:	Biotin conjugated: Working with enzyme-conjugated streptavidin. ELISA: 1: 200 - 1: 1,000; Western Blot: 1: 200 - 1: 1,000; IHC/ICC: 1: 100 - 1: 500; Flow Cytometry: 1: 50 - 1: 250; IF: 1: 100 - 1: 500.
Restrictions:	For Research Use only

Handling

Storage:	4 °C
Storage Comment:	Store at 4°C for 6 months.
