## Overview

|                      |                                           |
|----------------------|-------------------------------------------|
| Quantity:            | 100 µL                                    |
| Target:              | ERF                                       |
| Binding Specificity: | pThr526                                   |
| Reactivity:          | Human, Mouse, Rat                         |
| Host:                | Rabbit                                    |
| Clonality:           | Polyclonal                                |
| Conjugate:           | This ERF antibody is conjugated to Biotin |
| Application:         | Please inquire                            |

## Product Details

|                   |                                          |
|-------------------|------------------------------------------|
| Cross-Reactivity: | Human, Mouse (Murine), Rat (Rattus)      |
| Characteristics:  | PE2 (phospho-Thr526) Conjugated Antibody |

## Target Details

|                   |                                      |
|-------------------|--------------------------------------|
| Target:           | ERF                                  |
| Alternative Name: | PE2 ( <a href="#">ERF Products</a> ) |

## Application Details

|                    |                                                                                                                                                                                                                 |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Notes: | Biotin conjugated: Working with enzyme-conjugated streptavidin. ELISA: 1: 200 - 1: 1,000;<br>Western Blot: 1: 200 - 1: 1,000; IHC/ICC: 1: 100 - 1: 500; Flow Cytometry: 1: 50 - 1: 250; IF: 1: 100<br>- 1: 500. |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

Application Details

---

Restrictions: For Research Use only

Handling

---

Storage: 4 °C

---

Storage Comment: Store at 4°C for 6 months.
