## Overview

|              |                                                 |
|--------------|-------------------------------------------------|
| Quantity:    | 100 µL                                          |
| Target:      | Fission 1 (FIS1)                                |
| Reactivity:  | Human, Mouse, Rat                               |
| Host:        | Rabbit                                          |
| Clonality:   | Polyclonal                                      |
| Conjugate:   | This Fission 1 antibody is conjugated to Biotin |
| Application: | Please inquire                                  |

## Product Details

|                   |                                     |
|-------------------|-------------------------------------|
| Cross-Reactivity: | Human, Mouse (Murine), Rat (Rattus) |
| Characteristics:  | FIS1 Conjugated Antibody            |

## Target Details

|                   |                                                               |
|-------------------|---------------------------------------------------------------|
| Target:           | Fission 1 (FIS1)                                              |
| Alternative Name: | FIS1 ( <a href="#">FIS1 Products</a> )                        |
| Pathways:         | <a href="#">Positive Regulation of Endopeptidase Activity</a> |

## Application Details

|                    |                                                                                                                                                                                                                 |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Notes: | Biotin conjugated: Working with enzyme-conjugated streptavidin. ELISA: 1: 200 - 1: 1,000;<br>Western Blot: 1: 200 - 1: 1,000; IHC/ICC: 1: 100 - 1: 500; Flow Cytometry: 1: 50 - 1: 250; IF: 1: 100<br>- 1: 500. |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

Application Details

---

Restrictions: For Research Use only

Handling

---

Storage: 4 °C

---

Storage Comment: Store at 4°C for 6 months.
