

Datasheet for ABIN6881071

**anti-TXNDC3/NME8 antibody (Biotin)**[Go to Product page](#)

## Overview

|              |                                                   |
|--------------|---------------------------------------------------|
| Quantity:    | 100 µL                                            |
| Target:      | TXNDC3/NME8 (TXNDC3)                              |
| Reactivity:  | Human                                             |
| Host:        | Rabbit                                            |
| Clonality:   | Polyclonal                                        |
| Conjugate:   | This TXNDC3/NME8 antibody is conjugated to Biotin |
| Application: | Please inquire                                    |

## Product Details

|                   |                          |
|-------------------|--------------------------|
| Cross-Reactivity: | Human                    |
| Characteristics:  | NME8 Conjugated Antibody |

## Target Details

|                   |                                                                                                                                          |
|-------------------|------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | TXNDC3/NME8 (TXNDC3)                                                                                                                     |
| Alternative Name: | NME8 ( <a href="#">TXNDC3 Products</a> )                                                                                                 |
| Pathways:         | <a href="#">Nucleotide Phosphorylation</a> , <a href="#">Ribonucleoside Biosynthetic Process</a> , <a href="#">Cell RedoxHomeostasis</a> |

## Application Details

|                    |                                                                                                                                                                                                                 |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Notes: | Biotin conjugated: Working with enzyme-conjugated streptavidin. ELISA: 1: 200 - 1: 1,000;<br>Western Blot: 1: 200 - 1: 1,000; IHC/ICC: 1: 100 - 1: 500; Flow Cytometry: 1: 50 - 1: 250; IF: 1: 100<br>- 1: 500. |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

Application Details

---

Restrictions: For Research Use only

Handling

---

Storage: 4 °C

---

Storage Comment: Store at 4°C for 6 months.
