

Datasheet for ABIN6881377
anti-NEURL antibody (pTyr1248) (Biotin)

[Go to Product page](#)

Overview

Quantity:	100 µL
Target:	NEURL
Binding Specificity:	pTyr1248
Reactivity:	Human
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This NEURL antibody is conjugated to Biotin
Application:	Please inquire

Product Details

Cross-Reactivity:	Human
Characteristics:	Neu (Phospho-Tyr1248) Polyclonal Conjugated Antibody

Target Details

Target:	NEURL
Alternative Name:	Neu (NEURL Products)
Pathways:	Notch Signaling, EGFR Signaling Pathway

Application Details

Application Notes:	Biotin conjugated: Working with enzyme-conjugated streptavidin. ELISA: 1: 200 - 1: 1,000;
--------------------	---

Application Details

Western Blot: 1: 200 - 1: 1,000; IHC/ICC: 1: 100 - 1: 500; Flow Cytometry: 1: 50 - 1: 250; IF: 1: 100 - 1: 500.

Restrictions: For Research Use only

Handling

Storage: 4 °C

Storage Comment: Store at 4°C for 6 months.
