## Overview

|              |                                             |
|--------------|---------------------------------------------|
| Quantity:    | 100 µL                                      |
| Target:      | GNAT2                                       |
| Reactivity:  | Human, Mouse                                |
| Host:        | Rabbit                                      |
| Clonality:   | Polyclonal                                  |
| Conjugate:   | This GNAT2 antibody is conjugated to Biotin |
| Application: | Please inquire                              |

## Product Details

|                   |                           |
|-------------------|---------------------------|
| Cross-Reactivity: | Human, Mouse (Murine)     |
| Characteristics:  | GNAT2 Conjugated Antibody |

## Target Details

|                   |                                                                               |
|-------------------|-------------------------------------------------------------------------------|
| Target:           | GNAT2                                                                         |
| Alternative Name: | GNAT2 ( <a href="#">GNAT2 Products</a> )                                      |
| Pathways:         | <a href="#">G-protein mediated Events</a> , <a href="#">Phototransduction</a> |

## Application Details

|                    |                                                                                                                                                                                                                 |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Notes: | Biotin conjugated: Working with enzyme-conjugated streptavidin. ELISA: 1: 200 - 1: 1,000;<br>Western Blot: 1: 200 - 1: 1,000; IHC/ICC: 1: 100 - 1: 500; Flow Cytometry: 1: 50 - 1: 250; IF: 1: 100<br>- 1: 500. |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

Application Details

---

Restrictions: For Research Use only

Handling

---

Storage: 4 °C

---

Storage Comment: Store at 4°C for 6 months.
