anti-IgG Heavy Chain antibody (Biotin)[Go to Product page](#)

Overview

Quantity:	100 µL
Target:	IgG Heavy Chain (LOC396781)
Reactivity:	Goat
Host:	Guinea Pig
Clonality:	Polyclonal
Conjugate:	This IgG Heavy Chain antibody is conjugated to Biotin
Application:	Please inquire

Product Details

Cross-Reactivity:	Goat
Characteristics:	igg heavy chain Polyclonal Conjugated Antibody

Target Details

Target:	IgG Heavy Chain (LOC396781)
Alternative Name:	igg heavy chain (LOC396781 Products)

Application Details

Application Notes:	Biotin conjugated: Working with enzyme-conjugated streptavidin. ELISA: 1: 200 - 1: 1,000; Western Blot: 1: 200 - 1: 1,000; IHC/ICC: 1: 100 - 1: 500; Flow Cytometry: 1: 50 - 1: 250; IF: 1: 100 - 1: 500.
Restrictions:	For Research Use only

Handling

Storage:	4 °C
Storage Comment:	Store at 4°C for 6 months.
