Datasheet for ABIN6883866
anti-PKIA antibody (Alexa Fluor 555)

Overview

Quantity:	100 µL
Target:	PKIA
Reactivity:	Human, Mouse
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This PKIA antibody is conjugated to Alexa Fluor 555
Application:	Please inquire

Product Details

Cross-Reactivity:	Human, Mouse (Murine)
Characteristics:	IPKA Conjugated Antibody

Target Details

Target:	PKIA
Alternative Name:	IPKA (PKIA Products)
Pathways:	Myometrial Relaxation and Contraction

Application Details

Application Notes:	AF555 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

Handling

Storage: 4 °C

Storage Comment: Store at 4°C for 6 months.
