

Datasheet for ABIN6887136

## **anti-STAT2 antibody (pTyr690) (Alexa Fluor 555)**

[Go to Product page](#)

### Overview

|                      |                                                      |
|----------------------|------------------------------------------------------|
| Quantity:            | 100 µL                                               |
| Target:              | STAT2                                                |
| Binding Specificity: | pTyr690                                              |
| Reactivity:          | Human                                                |
| Host:                | Rabbit                                               |
| Clonality:           | Polyclonal                                           |
| Conjugate:           | This STAT2 antibody is conjugated to Alexa Fluor 555 |
| Application:         | Please inquire                                       |

### Product Details

|                   |                                            |
|-------------------|--------------------------------------------|
| Cross-Reactivity: | Human                                      |
| Characteristics:  | Stat2 (phospho-Tyr690) Conjugated Antibody |

### Target Details

|                   |                                                                                                                    |
|-------------------|--------------------------------------------------------------------------------------------------------------------|
| Target:           | STAT2                                                                                                              |
| Alternative Name: | Stat2 ( <a href="#">STAT2 Products</a> )                                                                           |
| Pathways:         | <a href="#">JAK-STAT Signaling</a> , <a href="#">Hepatitis C</a> , <a href="#">CXCR4-mediated Signaling Events</a> |

### Application Details

|                    |                                                     |
|--------------------|-----------------------------------------------------|
| Application Notes: | AF555 conjugated: most applications: 1: 50 - 1: 250 |
|--------------------|-----------------------------------------------------|

Application Details

---

Restrictions: For Research Use only

Handling

---

Storage: 4 °C

---

Storage Comment: Store at 4°C for 6 months.
