## Overview

|              |                                                      |
|--------------|------------------------------------------------------|
| Quantity:    | 100 µL                                               |
| Target:      | CYTL1                                                |
| Reactivity:  | Human                                                |
| Host:        | Rabbit                                               |
| Clonality:   | Polyclonal                                           |
| Conjugate:   | This CYTL1 antibody is conjugated to Alexa Fluor 555 |
| Application: | Please inquire                                       |

## Product Details

|                   |                         |
|-------------------|-------------------------|
| Cross-Reactivity: | Human                   |
| Characteristics:  | C17 Conjugated Antibody |

## Target Details

|                   |                                                     |
|-------------------|-----------------------------------------------------|
| Target:           | CYTL1                                               |
| Alternative Name: | C17 ( <a href="#">CYTL1 Products</a> )              |
| Pathways:         | <a href="#">Glycosaminoglycan Metabolic Process</a> |

## Application Details

|                    |                                                     |
|--------------------|-----------------------------------------------------|
| Application Notes: | AF555 conjugated: most applications: 1: 50 - 1: 250 |
| Restrictions:      | For Research Use only                               |

Handling

---

|                  |                            |
|------------------|----------------------------|
| Storage:         | 4 °C                       |
| Storage Comment: | Store at 4°C for 6 months. |
