

Datasheet for ABIN6894054  
**anti-CATSPERB antibody (Alexa Fluor 555)**

[Go to Product page](#)

## Overview

Quantity:	100 µL
Target:	CATSPERB
Reactivity:	Human
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This CATSPERB antibody is conjugated to Alexa Fluor 555
Application:	Please inquire

## Product Details

Cross-Reactivity:	Human
Characteristics:	CATSPERB Conjugated Antibody

## Target Details

Target:	CATSPERB
Alternative Name:	CATSPERB ( <a href="#">CATSPERB Products</a> )

## Application Details

Application Notes:	AF555 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

## Handling

---

Storage: 4 °C

---

Storage Comment: Store at 4°C for 6 months.
