

Datasheet for ABIN6895285
anti-MafF antibody (Alexa Fluor 555)

[Go to Product page](#)

Overview

Quantity:	100 µL
Target:	MafF (MAFF)
Reactivity:	Human, Mouse
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This MafF antibody is conjugated to Alexa Fluor 555
Application:	Please inquire

Product Details

Cross-Reactivity:	Human, Mouse (Murine)
Characteristics:	MAFF Conjugated Antibody

Target Details

Target:	MafF (MAFF)
Alternative Name:	MAFF (MAFF Products)
Pathways:	Myometrial Relaxation and Contraction

Application Details

Application Notes:	AF555 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

Handling

Storage:	4 °C
Storage Comment:	Store at 4°C for 6 months.
