Datasheet for ABIN6899619

anti-Protein B-Myc antibody (Alexa Fluor 680)

Overview

Quantity:	100 µL
Target:	Protein B-Myc (Bmyc)
Reactivity:	Mouse, Human, Rat
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This Protein B-Myc antibody is conjugated to Alexa Fluor 680
Application:	Please inquire

Product Details

Cross-Reactivity:	Human, Mouse (Murine), Rat (Rattus)
Characteristics:	MYCB Conjugated Antibody

Target Details

Target:	Protein B-Myc (Bmyc)
Alternative Name:	MYCB (Bmyc Products)

Application Details

Application Notes:	AF680 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

Handling

Storage: 4 °C

Storage Comment: Store at 4°C for 6 months.
