Datasheet for ABIN6900592  
**anti-DAGLA antibody (Alexa Fluor 680)**

### Overview

Quantity:	100 µL
Target:	DAGLA
Reactivity:	Human
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This DAGLA antibody is conjugated to Alexa Fluor 680
Application:	Please inquire

### Product Details

Cross-Reactivity:	Human
Characteristics:	DAGLA Conjugated Antibody

### Target Details

Target:	DAGLA
Alternative Name:	DAGLA ( <a href="#">DAGLA Products</a> )

### Application Details

Application Notes:	AF680 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

## Handling

---

Storage: 4 °C

---

Storage Comment: Store at 4°C for 6 months.
