

Datasheet for ABIN6901601

anti-Integrin beta 7 antibody (Alexa Fluor 680)

[Go to Product page](#)

Overview

Quantity:	100 µL
Target:	Integrin beta 7 (ITGB7)
Reactivity:	Human, Mouse
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This Integrin beta 7 antibody is conjugated to Alexa Fluor 680
Application:	Please inquire

Product Details

Cross-Reactivity:	Human, Mouse (Murine)
Characteristics:	Integrin beta7 Polyclonal Conjugated Antibody

Target Details

Target:	Integrin beta 7 (ITGB7)
Alternative Name:	Integrin beta7 (ITGB7 Products)
Pathways:	Integrin Complex

Application Details

Application Notes:	AF680 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

Handling

Storage:	4 °C
----------	------

Storage Comment:	Store at 4°C for 6 months.
