## anti-TWIST1 antibody (Alexa Fluor 680)

[Go to Product page](#)

### Overview

|              |                                                       |
|--------------|-------------------------------------------------------|
| Quantity:    | 100 µL                                                |
| Target:      | TWIST1                                                |
| Reactivity:  | Human, Mouse, Rat                                     |
| Host:        | Mouse                                                 |
| Clonality:   | Monoclonal                                            |
| Conjugate:   | This TWIST1 antibody is conjugated to Alexa Fluor 680 |
| Application: | Please inquire                                        |

### Product Details

|                   |                                     |
|-------------------|-------------------------------------|
| Cross-Reactivity: | Human, Mouse (Murine), Rat (Rattus) |
| Characteristics:  | Twist Conjugated Antibody           |

### Target Details

|                   |                                                                                                                                                                 |
|-------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | TWIST1                                                                                                                                                          |
| Alternative Name: | Twist ( <a href="#">TWIST1 Products</a> )                                                                                                                       |
| Pathways:         | <a href="#">p53 Signaling</a> , <a href="#">Proton Transport</a> , <a href="#">Tube Formation</a> , <a href="#">Negative Regulation of Transporter Activity</a> |

### Application Details

|                    |                                                     |
|--------------------|-----------------------------------------------------|
| Application Notes: | AF680 conjugated: most applications: 1: 50 - 1: 250 |
| Restrictions:      | For Research Use only                               |

Handling

---

|                  |                            |
|------------------|----------------------------|
| Storage:         | 4 °C                       |
| Storage Comment: | Store at 4°C for 6 months. |
