Datasheet for ABIN6903750  
**anti-ACMSD antibody (Alexa Fluor 680)**

### Overview

|              |  |
|--------------|--|
| Quantity:    | 100 µL   |
| Target:      | ACMSD  |
| Reactivity:  | Human  |
| Host:        | Rabbit   |
| Clonality:   | Polyclonal   |
| Conjugate:   | This ACMSD antibody is conjugated to Alexa Fluor 680 |
| Application: | Please inquire                                       |

### Product Details

|                   |                           |
|-------------------|---------------------------|
| Cross-Reactivity: | Human                     |
| Characteristics:  | ACMSD Conjugated Antibody |

### Target Details

|                   |  |
|-------------------|--|
| Target:           | ACMSD                                    |
| Alternative Name: | ACMSD ( <a href="#">ACMSD Products</a> ) |

### Application Details

|                    |   |
|--------------------|---|
| Application Notes: | AF680 conjugated: most applications: 1: 50 - 1: 250 |
| Restrictions:      | For Research Use only                               |

## Handling

---

Storage: 4 °C

---

Storage Comment: Store at 4°C for 6 months.
