### Overview

|              |                                                        |
|--------------|--------------------------------------------------------|
| Quantity:    | 100 µL                                                 |
| Target:      | TPD52L1                                                |
| Reactivity:  | Human                                                  |
| Host:        | Rabbit                                                 |
| Clonality:   | Polyclonal                                             |
| Conjugate:   | This TPD52L1 antibody is conjugated to Alexa Fluor 680 |
| Application: | Please inquire                                         |

### Product Details

|                   |                             |
|-------------------|-----------------------------|
| Cross-Reactivity: | Human                       |
| Characteristics:  | TPD52L1 Conjugated Antibody |

### Target Details

|                   |                                                               |
|-------------------|---------------------------------------------------------------|
| Target:           | TPD52L1                                                       |
| Alternative Name: | TPD52L1 ( <a href="#">TPD52L1 Products</a> )                  |
| Pathways:         | <a href="#">Positive Regulation of Endopeptidase Activity</a> |

### Application Details

|                    |                                                     |
|--------------------|-----------------------------------------------------|
| Application Notes: | AF680 conjugated: most applications: 1: 50 - 1: 250 |
| Restrictions:      | For Research Use only                               |

## Handling

---

|          |      |
|----------|------|
| Storage: | 4 °C |
|----------|------|

---

|                  |                            |
|------------------|----------------------------|
| Storage Comment: | Store at 4°C for 6 months. |
|------------------|----------------------------|
