Datasheet for ABIN6908828
anti-DAOA antibody (Alexa Fluor 680)

Overview

Quantity:	100 µL
Target:	DAOA
Reactivity:	Human
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This DAOA antibody is conjugated to Alexa Fluor 680
Application:	Please inquire

Product Details

Cross-Reactivity:	Human
Characteristics:	D-amino acid oxidase activator Polyclonal Conjugated Antibody

Target Details

Target:	DAOA
Alternative Name:	D-amino acid oxidase activator (DAOA Products)

Application Details

Application Notes:	AF680 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

Handling

Storage: 4 °C

Storage Comment: Store at 4°C for 6 months.
