

Datasheet for ABIN6908939

## **anti-Glycogen Synthase 1 antibody (pSer641) (Alexa Fluor 680)**

[Go to Product page](#)

### Overview

|                      |                                                                    |
|----------------------|--------------------------------------------------------------------|
| Quantity:            | 100 µL                                                             |
| Target:              | Glycogen Synthase 1 (GYS1)                                         |
| Binding Specificity: | pSer641                                                            |
| Reactivity:          | Human, Mouse, Rat                                                  |
| Host:                | Rabbit                                                             |
| Clonality:           | Monoclonal                                                         |
| Conjugate:           | This Glycogen Synthase 1 antibody is conjugated to Alexa Fluor 680 |
| Application:         | Please inquire                                                     |

### Product Details

|                   |                                                       |
|-------------------|-------------------------------------------------------|
| Cross-Reactivity: | Human, Mouse (Murine), Rat (Rattus)                   |
| Characteristics:  | Glycogen synthase 1(Phospho-S641) Conjugated Antibody |

### Target Details

|                   |                                                                                                                         |
|-------------------|-------------------------------------------------------------------------------------------------------------------------|
| Target:           | Glycogen Synthase 1 (GYS1)                                                                                              |
| Alternative Name: | Glycogen synthase 1 ( <a href="#">GYS1 Products</a> )                                                                   |
| Pathways:         | <a href="#">PI3K-Akt Signaling</a> , <a href="#">AMPK Signaling</a> , <a href="#">Cellular Glucan Metabolic Process</a> |

### Application Details

|                    |                                                     |
|--------------------|-----------------------------------------------------|
| Application Notes: | AF680 conjugated: most applications: 1: 50 - 1: 250 |
|--------------------|-----------------------------------------------------|

Application Details

---

Restrictions: For Research Use only

Handling

---

Storage: 4 °C

---

Storage Comment: Store at 4°C for 6 months.
