## Overview

|              |                                                         |
|--------------|---------------------------------------------------------|
| Quantity:    | 100 µL                                                  |
| Target:      | T-Box 18 (TBX18)                                        |
| Reactivity:  | Human                                                   |
| Host:        | Rabbit                                                  |
| Clonality:   | Polyclonal                                              |
| Conjugate:   | This T-Box 18 antibody is conjugated to Alexa Fluor 680 |
| Application: | Please inquire                                          |

## Product Details

|                   |                           |
|-------------------|---------------------------|
| Cross-Reactivity: | Human                     |
| Characteristics:  | TBX18 Conjugated Antibody |

## Target Details

|                   |                                             |
|-------------------|---------------------------------------------|
| Target:           | T-Box 18 (TBX18)                            |
| Alternative Name: | TBX18 ( <a href="#">TBX18 Products</a> )    |
| Pathways:         | <a href="#">Sensory Perception of Sound</a> |

## Application Details

|                    |                                                     |
|--------------------|-----------------------------------------------------|
| Application Notes: | AF680 conjugated: most applications: 1: 50 - 1: 250 |
| Restrictions:      | For Research Use only                               |

Handling

---

|                  |                            |
|------------------|----------------------------|
| Storage:         | 4 °C                       |
| Storage Comment: | Store at 4°C for 6 months. |
