

Datasheet for ABIN6914534

anti-Major Urinary Protein 19 (MUP19) antibody (Alexa Fluor 680)

[Go to Product page](#)

Overview

Quantity:	100 µL
Target:	Major Urinary Protein 19 (MUP19)
Reactivity:	Mouse
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	Alexa Fluor 680
Application:	Please inquire

Product Details

Cross-Reactivity:	Mouse (Murine)
Characteristics:	Major urinary proteins 11 and 8 Polyclonal Conjugated Antibody

Target Details

Target:	Major Urinary Protein 19 (MUP19)
Alternative Name:	Major urinary proteins 11 and 8 (MUP19 Products)

Application Details

Application Notes:	AF680 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

Handling

Storage: 4 °C

Storage Comment: Store at 4°C for 6 months.
