

Datasheet for ABIN6919831

**Recombinant anti-14-3-3 theta antibody (Alexa Fluor 647)**[Go to Product page](#)

## Overview

|                |                                                             |
|----------------|-------------------------------------------------------------|
| Quantity:      | 100 µL                                                      |
| Target:        | 14-3-3 theta (YWHAQ)                                        |
| Reactivity:    | Human, Mouse, Rat                                           |
| Host:          | Rabbit                                                      |
| Antibody Type: | Recombinant Antibody                                        |
| Clonality:     | Monoclonal                                                  |
| Conjugate:     | This 14-3-3 theta antibody is conjugated to Alexa Fluor 647 |
| Application:   | Please inquire                                              |

## Product Details

|                   |                                     |
|-------------------|-------------------------------------|
| Cross-Reactivity: | Human, Mouse (Murine), Rat (Rattus) |
| Characteristics:  | 14-3-3 Conjugated Antibody          |

## Target Details

|                   |                                                                                   |
|-------------------|-----------------------------------------------------------------------------------|
| Target:           | 14-3-3 theta (YWHAQ)                                                              |
| Alternative Name: | 14-3-3 ( <a href="#">YWHAQ Products</a> )                                         |
| Pathways:         | <a href="#">Apoptosis</a> , <a href="#">Myometrial Relaxation and Contraction</a> |

## Application Details

|                    |                                                     |
|--------------------|-----------------------------------------------------|
| Application Notes: | AF647 conjugated: most applications: 1: 50 - 1: 250 |
|--------------------|-----------------------------------------------------|

Application Details
