

Datasheet for ABIN6921998

anti-HLA-DOA antibody (Alexa Fluor 647)

[Go to Product page](#)

Overview

Quantity:	100 µL
Target:	HLA-DOA
Reactivity:	Human
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This HLA-DOA antibody is conjugated to Alexa Fluor 647
Application:	Please inquire

Product Details

Cross-Reactivity:	Human
Characteristics:	HLA-DOA Conjugated Antibody

Target Details

Target:	HLA-DOA
Alternative Name:	HLA-DOA (HLA-DOA Products)
Pathways:	Human Leukocyte Antigen (HLA) in Adaptive Immune Response

Application Details

Application Notes:	AF647 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

Handling

Storage:	4 °C
Storage Comment:	Store at 4°C for 6 months.
