Datasheet for ABIN6922030
anti-Lipase I antibody (Alexa Fluor 647)

Overview

| | |
|--------------|---|
| Quantity: | 100 µL |
| Target: | Lipase I (LIPI) |
| Reactivity: | Human |
| Host: | Rabbit |
| Clonality: | Polyclonal |
| Conjugate: | This Lipase I antibody is conjugated to Alexa Fluor 647 |
| Application: | Please inquire |

Product Details

| | |
|-------------------|--------------------------|
| Cross-Reactivity: | Human |
| Characteristics: | LIPI Conjugated Antibody |

Target Details

| | |
|-------------------|--|
| Target: | Lipase I (LIPI) |
| Alternative Name: | LIPI (LIPI Products) |

Application Details

| | |
|--------------------|---|
| Application Notes: | AF647 conjugated: most applications: 1: 50 - 1: 250 |
| Restrictions: | For Research Use only |

Handling

Storage: 4 °C

Storage Comment: Store at 4°C for 6 months.
