Datasheet for ABIN6922171
anti-Elongin A1 antibody (Alexa Fluor 647)

Overview

Quantity:	100 µL
Target:	Elongin A1
Reactivity:	Human, Mouse
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This Elongin A1 antibody is conjugated to Alexa Fluor 647
Application:	Please inquire

Product Details

Cross-Reactivity:	Human, Mouse (Murine)
Characteristics:	Elongin A1 Conjugated Antibody

Target Details

Target:	Elongin A1
Abstract:	Elongin A1 Products

Application Details

Application Notes:	AF647 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

Handling

Storage: 4 °C

Storage Comment: Store at 4°C for 6 months.
