## anti-MAZ antibody (pThr72) (Alexa Fluor 647)

[Go to Product page](#)

### Overview

|                      |                                                    |
|----------------------|----------------------------------------------------|
| Quantity:            | 100 µL                                             |
| Target:              | MAZ                                                |
| Binding Specificity: | pThr72                                             |
| Reactivity:          | Human, Mouse, Rat                                  |
| Host:                | Rabbit                                             |
| Clonality:           | Polyclonal                                         |
| Conjugate:           | This MAZ antibody is conjugated to Alexa Fluor 647 |
| Application:         | Please inquire                                     |

### Product Details

|                   |                                         |
|-------------------|-----------------------------------------|
| Cross-Reactivity: | Human, Mouse (Murine), Rat (Rattus)     |
| Characteristics:  | MAZ (Phospho-Thr72) Conjugated Antibody |

### Target Details

|                   |                                      |
|-------------------|--------------------------------------|
| Target:           | MAZ                                  |
| Alternative Name: | MAZ ( <a href="#">MAZ Products</a> ) |
| Pathways:         | <a href="#">Chromatin Binding</a>    |

### Application Details

|                    |                                                     |
|--------------------|-----------------------------------------------------|
| Application Notes: | AF647 conjugated: most applications: 1: 50 - 1: 250 |
|--------------------|-----------------------------------------------------|

Application Details

---

Restrictions: For Research Use only

Handling

---

Storage: 4 °C

---

Storage Comment: Store at 4°C for 6 months.
