

## Datasheet for ABIN6950852 **anti-Gastrin antibody**

[Go to Product page](#)

### Overview

|              |                                        |
|--------------|----------------------------------------|
| Quantity:    | 100 µL                                 |
| Target:      | Gastrin (GAST)                         |
| Reactivity:  | Human                                  |
| Host:        | Mouse                                  |
| Clonality:   | Monoclonal                             |
| Conjugate:   | This Gastrin antibody is un-conjugated |
| Application: | Immunohistochemistry (IHC)             |

### Product Details

|               |                        |
|---------------|------------------------|
| Immunogen:    | Synthetic peptide      |
| Isotype:      | IgG                    |
| Purification: | Purified by immunogene |

### Target Details

|                   |                                                                                 |
|-------------------|---------------------------------------------------------------------------------|
| Target:           | Gastrin (GAST)                                                                  |
| Alternative Name: | Gastrin ( <a href="#">GAST Products</a> )                                       |
| Background:       | Synonyms: Component II, GAS, GAST, gastrin precursor<br>UniProt Gene Name: GAST |
| UniProt:          | <a href="#">P01350</a>                                                          |

Application Details

|                    |                                                                                                  |
|--------------------|--------------------------------------------------------------------------------------------------|
| Application Notes: | Dilution: 1:200-400<br>IHC Recommended control: Stomach                                          |
| Comment:           | Antigen Retrieval: Heat-induced epitope retrieval (HIER)<br>Retrieval buffer: TRIS-EDTA of pH8.0 |
| Restrictions:      | For Research Use only                                                                            |

Handling

|                  |                                                                                                                            |
|------------------|----------------------------------------------------------------------------------------------------------------------------|
| Buffer:          | 0.5 % Bovine Serum Albumin (BSA), 0.1 %Kathon CG/ICP, 10x Tris-Buffered Saline (TBS), Type 3 MilliQ H2O and 50 % glycerol. |
| Storage:         | -20 °C                                                                                                                     |
| Storage Comment: | -20°C/1 year                                                                                                               |
| Expiry Date:     | 12 months                                                                                                                  |
