anti-IL-12/IL-23 p40 antibody

3 Publications

Overview

Quantity:	500 µg
Target:	IL-12/IL-23 p40
Reactivity:	Mouse
Host:	Rat
Clonality:	Monoclonal
Conjugate:	This IL-12/IL-23 p40 antibody is un-conjugated
Application:	Neutralization (Neut)

Product Details

Immunogen:	Recombinant mouse IL-12 p70
Clone:	C17-8
Isotype:	IgG2a
Specificity:	Native and recombinant p40 subunit of mouse IL-12 and IL-23. The antibody recognizes p40 monomer, p40 homodimer, IL-12 p70 heterodimer (p40+p35) and IL-23 heterodimer (p40+p19).
Purification:	Purified from in vitro cultures by protein G affinity chromatography.

Target Details

Target:	IL-12/IL-23 p40
Alternative Name:	IL12/23 (p40) (IL-12/IL-23 p40 Products)
Gene ID:	16160

Application Details

Application Notes: Neutralization of mouse IL-12 and IL-23 bioactivity. It is recommended to establish the optimal antibody concentration for the assay system used. The antibody is also suitable for immunoassays.

Restrictions: For Research Use only

Handling

Concentration: 1 mg/mL

Buffer: supplied at 1 mg/mL in PBS free of preservatives

Preservative: Without preservative

Storage: 4 °C, -20 °C

Storage Comment: Store product at 4-8°C or frozen at -20°C or below. Avoid repeated freezing/ thawing.

Expiry Date: 18 months
