Datasheet for ABIN6973106 IL13RA2 Protein (AA 27-343) (Fc Tag)

3 Images

Overview

Quantity:	200 µg
Target:	IL13RA2
Protein Characteristics:	AA 27-343
Origin:	Human
Source:	HEK-293 Cells
Protein Type:	Recombinant
Biological Activity:	Active
Purification tag / Conjugate:	This IL13RA2 protein is labelled with Fc Tag.

Product Details

Characteristics:	Human IL-13 R alpha 2 Protein, Fc Tag (MALS verified)
Purity:	>90 % as determined by SDS-PAGE.
Endotoxin Level:	Less than 1.0 EU per μ g by the LAL method.

Target Details

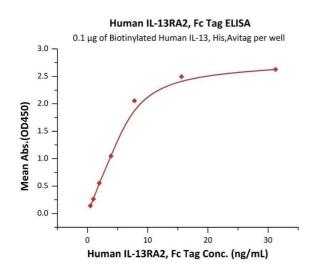

Target:	IL13RA2
Alternative Name:	IL-13 R alpha 2 (IL13RA2 Products)
Background:	Interleukin-13 receptor subunit alpha-2 is also known as IL13Rα2, IL13Ra2 cluster of differentiation 213A2, CD213A2, CT19, IL-13R, IL13BP, and is a membrane bound protein that in
	humans is encoded by the IL13RA2 gene. IL13Ra2 is closely related to IL13Ra1, a subunit of
	the interleukin-13 receptor complex. This protein binds IL13 with high affinity, but lacks any

	significant cytoplasmic domain, and does not appear to function as a signal mediator. It is, however able to regulate the effects of both IL13 and IL4, despite the fact it is unable to bind directly to the latter. It is also reported to play a role in the internalization of IL13. IL13Ra2 is a component of the cell surface receptors, however, the majority exists in intracellular pools and in soluble form, and thus plays an opposite role as a potent IL13 antagonist compared with IL13Ra1. It also functions as an inhibitor of IL4-dependent pathway probably through the physical interaction between the short intracellular domain of and cytoplasmic domain of IL13R a2 and the IL4Rα chain. In spite of the failed STAT signaling function, IL13Ra2 dose induce TGF-beta production and fibrosis. Additionally, IL13Ra2has been reported to be abundantly and specifically overexpressed in glioblastoma multiforme.
Molecular Weight:	63.5 kDa
NCBI Accession:	NP_000631
Application Details	
Application Notes:	MALS verified
Restrictions:	For Research Use only
Handling	
Format:	Lyophilized
Buffer:	PBS, pH 7.4

Storage:
