

Datasheet for ABIN706205

**anti-ARHGAP20 antibody (AA 1001-1191) (HRP)**[Go to Product page](#)

## Overview

|                      |                                                                                                                        |
|----------------------|------------------------------------------------------------------------------------------------------------------------|
| Quantity:            | 100 µL                                                                                                                 |
| Target:              | ARHGAP20                                                                                                               |
| Binding Specificity: | AA 1001-1191                                                                                                           |
| Reactivity:          | Human                                                                                                                  |
| Host:                | Rabbit                                                                                                                 |
| Clonality:           | Polyclonal                                                                                                             |
| Conjugate:           | This ARHGAP20 antibody is conjugated to HRP                                                                            |
| Application:         | ELISA, Immunohistochemistry (Paraffin-embedded Sections) (IHC (p)), Immunohistochemistry (Frozen Sections) (IHC (fro)) |

## Product Details

|                       |                                                              |
|-----------------------|--------------------------------------------------------------|
| Immunogen:            | KLH conjugated synthetic peptide derived from human ARHGAP20 |
| Isotype:              | IgG                                                          |
| Cross-Reactivity:     | Human                                                        |
| Predicted Reactivity: | Mouse,Rat,Dog,Cow,Horse,Rabbit                               |
| Purification:         | Purified by Protein A.                                       |

## Target Details

|                   |                                                |
|-------------------|------------------------------------------------|
| Target:           | ARHGAP20                                       |
| Alternative Name: | ARHGAP20 ( <a href="#">ARHGAP20 Products</a> ) |

Target Details

|             |                                                                                                                                                                                                                                                                                                                        |
|-------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Background: | Synonyms: Arhgap20, KIAA1391, RARHOGAP, RHG20_HUMAN, Rho GTPase activating protein 20, Rho GTPase-activating protein 20, Rho type GTPase activating protein 20, Rho-type GTPase-activating protein 20.<br><br>Background: GTPase activator for the Rho-type GTPases by converting them to an inactive GDP-bound state. |
|-------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

|          |       |
|----------|-------|
| Gene ID: | 57569 |
|----------|-------|

Application Details

|                    |                                    |
|--------------------|------------------------------------|
| Application Notes: | IHC-P 1:200-400<br>IHC-F 1:100-500 |
| Restrictions:      | For Research Use only              |

Handling

|                    |                                                                                                                    |
|--------------------|--------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                             |
| Concentration:     | 1 µg/µL                                                                                                            |
| Buffer:            | Aqueous buffered solution containing 0.01M TBS ( pH 7.4) with 1 % BSA, 0.03 % Proclin300 and 50 % Glycerol.        |
| Preservative:      | ProClin                                                                                                            |
| Precaution of Use: | This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE, which should be handled by trained staff only. |
| Handling Advice:   | Do NOT add Sodium Azide! Use of Sodium Azide will inhibit enzyme activity of horseradish peroxidase.               |
| Storage:           | -20 °C                                                                                                             |
| Storage Comment:   | Store at -20°C. Aliquot into multiple vials to avoid repeated freeze-thaw cycles.                                  |
| Expiry Date:       | 12 months                                                                                                          |
