## Overview

|                      |                                                          |
|----------------------|----------------------------------------------------------|
| Quantity:            | 100 µL                                                   |
| Target:              | SLC2A5                                                   |
| Binding Specificity: | N-Term                                                   |
| Reactivity:          | Human, Rat, Mouse                                        |
| Host:                | Rabbit                                                   |
| Clonality:           | Polyclonal                                               |
| Conjugate:           | This SLC2A5 antibody is un-conjugated                    |
| Application:         | Western Blotting (WB), Immunohistochemistry (IHC), ELISA |

## Product Details

|                       |                                                                                                                                |
|-----------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:            | A synthesized peptide derived from human Glucose Transporter 5 GLUT5, corresponding to a region within N-terminal amino acids. |
| Isotype:              | IgG                                                                                                                            |
| Specificity:          | Glucose Transporter 5 GLUT5 Antibody detects endogenous levels of total Glucose Transporter 5 GLUT5.                           |
| Predicted Reactivity: | Pig,Bovine,Horse,Dog                                                                                                           |

## Target Details

|                   |                                            |
|-------------------|--------------------------------------------|
| Target:           | SLC2A5                                     |
| Alternative Name: | SLC2A5 ( <a href="#">SLC2A5 Products</a> ) |

## Target Details

Gene ID: 6518

UniProt: [P22732](#)

## Application Details

Application Notes: WB 1:500-1:2000, IHC 1:50-1:200, ELISA(peptide) 1:20000-1:40000

Restrictions: For Research Use only

## Handling

Format: Liquid

Buffer: Rabbit IgG in phosphate buffered saline , pH 7.4, 150 mM NaCl, 0.02 % sodium azide and 50 % glycerol.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: -20 °C

Storage Comment: Store at -20 °C. Stable for 12 months from date of receipt.

Expiry Date: 12 months
