

## Datasheet for ABIN7095553 **anti-IREB2 antibody**

[Go to Product page](#)

### Overview

|              |                                      |
|--------------|--------------------------------------|
| Quantity:    | 100 µL                               |
| Target:      | IREB2                                |
| Reactivity:  | Human, Rat, Mouse                    |
| Host:        | Rabbit                               |
| Clonality:   | Polyclonal                           |
| Conjugate:   | This IREB2 antibody is un-conjugated |
| Application: | ELISA                                |

### Product Details

|              |                                                          |
|--------------|----------------------------------------------------------|
| Immunogen:   | A synthesized peptide                                    |
| Isotype:     | IgG                                                      |
| Specificity: | IREB2 Antibody detects endogenous levels of total IREB2. |

### Target Details

|                   |                                                  |
|-------------------|--------------------------------------------------|
| Target:           | IREB2                                            |
| Alternative Name: | IREB2 ( <a href="#">IREB2 Products</a> )         |
| Gene ID:          | 3658                                             |
| UniProt:          | <a href="#">P48200</a>                           |
| Pathways:         | <a href="#">Transition Metal Ion Homeostasis</a> |

## Application Details

|                    |                                |
|--------------------|--------------------------------|
| Application Notes: | ELISA(peptide) 1:20000-1:40000 |
| Restrictions:      | For Research Use only          |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Buffer:            | Rabbit IgG in phosphate buffered saline , pH 7.4, 150 mM NaCl, 0.02 % sodium azide and 50 % glycerol.                  |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C                                                                                                                 |
| Storage Comment:   | Store at -20 °C. Stable for 12 months from date of receipt.                                                            |
| Expiry Date:       | 12 months                                                                                                              |
